Fwd: TVPOA Purchasing and Contracting Procedures

I received a letter from Marlette yesterday which states:

"The TVPOA Board of Directors is in receipt of your letter dated October 14, 2010 with the unsolicited submittal regarding TVPOA purchasing and contracting procedures. The Board of Directors takes the allegations contained in your submittal seriously and has already initiated action to review these matters. At the appropriate time, we may need to call on you for additional information relative to your submittal and trust that you will cooperate with us if such need arises. We will let you know the results of our review when we have completed the same."

I choose not to argue the point on their use of the word "allegation" v. "facts". Below is my response.

Subject: TVPOA Purchasing and Contracting Procedures

I am in receipt of your letter dated October 21, 2010, and appreciate your response. I will most certainly cooperate with the Board of Directors in any review of the information contained in my report. In fact, in the spirit of transparency in conduct of POA business, I request information from you on who is involved in any such review and the nature of the review. I look forward to being able to discuss my report with any such person or persons and feel that I could greatly assist in any needed review. Thank you for your time and consideration in this matter and I look forward to your response.
